

Press Policy for FIX Trading Community Events

FIX Trading Community welcomes media coverage at the majority of its events and recognizes that press coverage can help facilitate broader understanding of industry issues. At the same time, however, in order to meet the information and educational needs of its members, FIX Trading Community enforces a few key policies regarding the media to ensure open discussion is encouraged.

- Reporters must register in advance.
- Audience members along with the press must identify themselves when asking questions at open sessions.
- Reporters must obtain permission to quote panel members, presenters or audience members who ask questions or comment during a meeting. To obtain permission, please send your request for quote approval to the FIX Program Office (details listed below) prior to publication.
- Members of the media must identify themselves as members of the press when speaking with attendees during informal conversations at meetings and mutually agree as to whether the conversation is to be used in a story.

Where possible, the media will be given an opportunity to meet with the speakers and panelists after the sessions. Media are free to use tape recorders and laptop computers as long as they do not interfere with the proceedings.

Registered press are also welcome to join post-event networking drinks when hosted, however all interviews should be conducted separately.
