EYE Trading Conference 2020 - Agenda
Thursday 12 March, Old Billingsgate, London

07:15  Buy-side Breakfast (invite only)
08:00  Event Registration
09:00  Welcome & FIX Trading Community Update
09:10  Keynote Address

Outlining the Policy Makers view on the future of the asset management industry and the rising role of green finance
Delivered by Paul Tang, MEP

09:35  The Focus of Financial Policy in a Post Brexit Environment across the European Region

- What direction are the policy makers intending to take?
- What will the impact of the MiFID II review have on the industry?
- How can the industry best prepare?
- What role can FIX play?

Moderators:
Matthew Coupe, Co-Chair EMEA Regional Committee & EMEA Regulatory Subcommittee, FIX Trading Community, Director, Barclays Investment Bank
Rebecca Healey, Co-Chair EMEA Regional Committee & EMEA Regulatory Subcommittee, FIX Trading Community, Global Head of Market Strategy & Insight, Liquidnet

Panelists:
Fabio Braga, Manager - Trading and Post Trade Policy, FCA
Philippe Guillot, Managing Director, Markets Directorate, Autorité des Marchés Financiers (AMF)
Paul Tang, MEP

10:15  Morning Break
10:45  Untangling the European Consolidated Tape – Making it Work for the Industry (Multi-Asset Focus)

The Consolidated Tape has been on the regulatory agenda for a significant number of years. The failure of the industry to create a commercial Consolidated Tape has not gone unnoticed by the regulators and the focus to create one has been significantly increased. Join our all-star panelist line-up to discuss the following topic areas and more!
- Who wants it and what will it be used for?
- What needs to be in it?
- What role can FIX play?

Moderator:
Graham Dick, Co-Chair Consolidated Tape – Data Standards – Equities Working Group, FIX Trading Community, CEO, Aquis Exchange Europe

Panelists:
Nick Dutton, Chief Regulatory Officer, Cboe Europe
Jim Kaye, Co-Chair Consolidated Tape – Data Standards – Equities Working Group, FIX Trading Community, Managing Director, Head of EMEA Equities Product Development, Bank of America Securities
Mark Montgomery, Strategy & Business Development, big xyt
Daniel Riches, Head of Equities Dealing, M&G

Stream 1
11:45  Evaluation of Liquidity, Performance and Service

Post the publication of the EU Commission and ESMA’s Consultation Papers, what impact will these have on the liquidity landscape of the future?
- Who are the right partners to source liquidity?
- Who do you need and who do you lose and why?

Moderator:
Melissa Tuttle, Senior Portfolio Manager, Vanguard Asset Management

Panelists:
Oliver Chapman, Director, Barclays Capital
Stephen Hanks, Markets Policy, FCA
Severine Vandelanotte, Senior Vice President, Products & Regulation, Deutsche Börse AG

Stream 2
11:45  Regulatory Policy – The Fixed Income Perspective

This session looks closely at the latest evolution for trading workflows, methods and practices bearing in mind the on-going MiFID II review and the current EC and upcoming ESMA Consultation Paper, and how to deliver regulatory demands alongside the incorporation of market developments including the planned availability of a consolidated tape.
Discover what other external factors may play a part in shaping the workflows for 2020 and beyond.

Moderator:
David Bullen, Secretary General, Electronic Debt Markets Association (EDMA), Founder, Lorgwood

Panelists:
Ross Barrett, Senior Policy Advisor, The Investment Association
Jason Waight, Head of Regulatory Affairs and Business Management, MarketAxess

Stream 3
11:45  Global Technical Committee (GTC) Updates 2020 – Highlights of the Past 12 Months

What is the headline news since the last EMEA conference in London?
- Normative FIX Specification goes online
- FIX Orchestra becomes a new FIX Technical Standard
- Extension Packs to support new and upcoming regulatory requirements (e.g. SFTR, CAT NMSI)
- Extension Pack for pay management to support new FIX workflow between buy and sell-side
- ISO standardization of FIX

Presenter:
Hanno Klein, Co-Chair Global Technical Committee and Co-Chair High-Performance Working Group, FIX Trading Community, Founder and Senior Standards Advisor, FIXdom

Stream 4
11:45  FX Technical Challenges and Regulatory Demands

This workshop will look to cover the following:
- What are the challenges in last look disclosure and how a new tag could help to disclose a rejection reason?
- What are the changes in Algorithmic trading practices?
- What can be defined as ethical AI in FX?
- What is the effect of the FX global code of conduct in an electronic world?

Panelists:
Richard Anthony, Global Head of FX e-Risk, HSBC
John Estrada, Global Head of eFX, Credit Suisse
Neil Penney, Managing Director and Global Head of Trading, Refinitiv
14.15 The Impact of Automation on Workflows

- How is automation changing workflows across trading desks?
- How is this automation enhancing performance for both the buy and sell-side?
- Where does the execution decision-making process now reside?
- What are the key benefits and risks of automation?
- How are regulatory frameworks evolving to support automation?

**Moderator:** Alison Hollingshead, Chief of Staff, Trading Platform & Core Technology, Man Group

**Panellists:**
- Neil Joseph, Executive Director, European Head of Equity Trading, L.P.
- Melissa Tuttle, Senior Portfolio Manager, Vanguard Asset Management

14.45 Technology and Automation in Fixed Income

- How is automation changing workflows across trading desks for Fixed Income products?
- How are market participants using automation to improve execution and risk management?
- What are the key challenges and benefits of automation in Fixed Income trading?

**Moderator:** Hanno Klein, FIX Technical Director, Credit Suisse

**Panellists:**
